

The image shows a digital boarding pass for the Orion's Flight Test mission. The pass is divided into two main sections. The left section features a vertical barcode on the far left, with the text "NASA72M1" and "Orion's Flight Test" next to it. Below the barcode is a photograph of the Orion spacecraft in space, with the text "#JOURNEYTO MARS" at the bottom. The right section contains the NASA logo and "National Aeronautics and Space Administration" at the top. The flight number "J2M1000000115158" is prominently displayed. Below this, it says "BOARDING PASS: ORION'S FLIGHT TEST" and the name "WEI SEONG LEE" in large, bold letters. To the right of the name is a circular logo for "ORION EXPLORATION FLIGHT TEST". The bottom section of the pass is divided into four columns of information: "LAUNCH SITE" (CAPE CANAVERAL SLC-37B, FLORIDA, UNITED STATES), "ARRIVAL SITE" (PACIFIC OCEAN, TRANSFER, CALIFORNIA, UNITED STATES), "SCHEDULED DEPARTURE" (DEC 04 2014), and "ROCKET" (DELTA IV HEAVY). A final column on the right indicates "AWARD POINTS EARNED" as "60,000 mi / 96,560 km".
